

# College and Career Guidance Through California College Guidance Initiative

Presented by:

Jigna Singh, Counselor on Special Assignment  
Silvestre Vallejo (“Sly”), CCGI Representative

# California College Guidance Initiative (CCGI)

This online platform provides students with an all inclusive guide for their college and career paths and enables educators to track their progress.

# CCGI and GGUSD Partnership

- In 2016-2017 school year, GGUSD became a partner district with CCGI
  - 2017-2018 school year structured lessons were implemented in each grade level guidance curriculum. 2018-2019 full benefits of the platform including lessons, high school planner and support will be provided
- Partnership benefits include:
  - Greater accuracy in college application process
  - Lesson plans and virtual portfolio for college and career planning
  - Educators can use data for individual academic and career planning and follow up

# CCGI Objectives

The Initiative has two overarching objectives:

- 1) All high school seniors in California graduate with clear postsecondary and career goals and a plan for how to achieve them. (GGUSD Strategic Plan Goal 3)
- 2) Each student's academic transcript data follows them as they advance across educational systems

The platform provides families with the tools needed to support students navigation of the college, career and financial aid planning processes. Parent accounts are connected to specific students, giving parents view-only access to student activity.

Helping your student find a career path is one of the most important things you can do. You have a strong influence on your student's choices about education and job opportunities, so it is important that you know the best ways to help your student when it comes to finding a career.

# CCGI Approach

CCGI works towards our overarching objectives by:

- 1) Managing CaliforniaColleges.edu, the state of California's interactive, web-based college and career planning platform, and its embedded 6th through 12th grade curriculum.
- 2) Utilizing CaliforniaColleges.edu platform as a central academic data hub to match and verify unique student identifiers in order to reliably transmit students' transcript records between K-12 districts and the California Community Colleges, the California State University System, the California Student Aid Commission (Cal Grants) and the Free Application for Federal Student Aid (Pell Grants).
- 3) Increasing the capacity of K-12 school districts to systematically integrate college and career planning as a core component of all 7th -12th grade students' education as part of developing a college-going culture.

# When your student is signed in:

- Complete activities to guide your child toward a college and career plan matching his or her goals and interests.
- Search for and save careers, colleges, majors and scholarships.
- Plan high school courses, monitor GPA and completion of A-G course requirements, as well as CSU and UC eligibility
- Apply to colleges and track submissions
- Launch the Free Application for Federal Student Aid (FAFSA)
- Store resumes, college application essays and other important documents

Overview	Bodily-Kinesthetic	Existential	Interpersonal	Intrapersonal	Linguistic	Logical-Mathematical	Musical	Naturalist	Spatial
----------	--------------------	-------------	---------------	---------------	------------	----------------------	---------	------------	---------

## What are Multiple Intelligences?

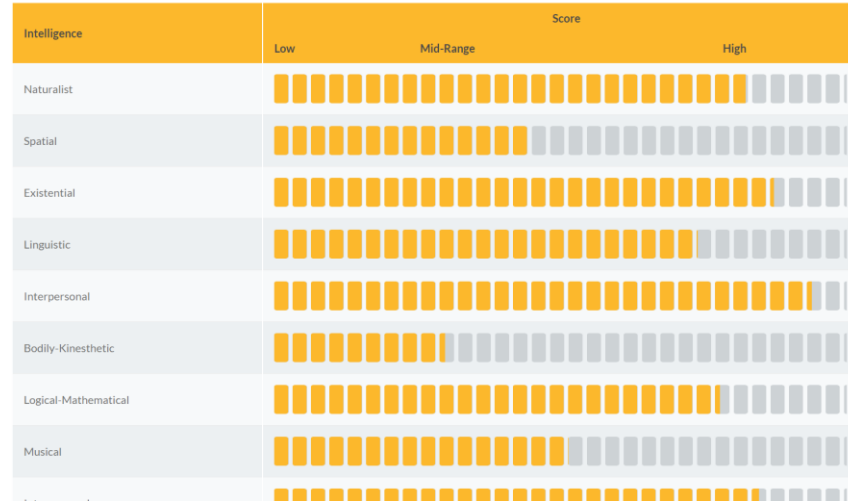

Intelligence is the potential to solve problems and to create ideas and things that are valued in the current culture. A person's intelligence can vary over different areas such as science, art, athletics and social interaction. Research indicates that there are many unique areas of intelligence, and the measure of all those intelligences in a person is his or her multiple intelligence profile.

## Your Profile

The intelligence profile shown below is based on how you answered the survey questions. The profile reveals current strength and challenge areas. Strengths usually come from a combination of natural ability and a lot of practice and support in that area. Lower ranked intelligences may exist because the right opportunities to develop them have not been made available. Knowing your intelligence profile will help you to take advantage of your strengths and develop your challenge areas.

## Reminders:

- > Everybody has all the intelligences.
- > Your strengths can be used in many ways to help you be successful.
- > Intelligences can always be developed further – both strengths and challenges.
- > Profiles can change as intelligences are developed.

# When Parents are signed in:

- View your child's activity on the platform and monitor your student's progress
- Learn valuable information to support your child through the career exploration, college and financial aid planning and application processes

Academic Planner **CSU Eligibility** UC Eligibility CSU Application Info Back to Academic Planner

**3.11** **CSU GPA**

You are currently meeting the minimum GPA requirement of 2.0 or above. Your CSU GPA reflects "a-g" coursework submitted by your school district completed in 10th, 11th, and 12th grades, including the summers following 9th, 10th, and 11th grades.

Courses that have UC Honors Approved under the title are approved as honors in the UC CMP database. Eligible courses receive an extra one point in the CSU GPA calculation.

Your CSU GPA is based on CSU guidelines. Learn more [here](#).

Transcript data most recently submitted on 10/04/2018

**Your Eligibility for CSU**

Based upon successful completion of coursework this term for your grade level, you are missing the following number of years of "a-g" courses: 1

You appear to not be making progress toward completing courses recommended for your grade level in the following subject areas: D

Plan to take the courses you are missing and complete those courses with a C- or better to be eligible for CSU.

## THINGS TO KNOW

The CSU Eligibility Tool helps you track your progress toward meeting eligibility for CSU by listing required coursework on the far left and comparing it to your completed and enrolled coursework. To ensure you stay on track, use this tool to also plan for future courses that are offered at your school and help satisfy CSU requirements. All of your coursework on the Eligibility Tool will be color-coded with each color representing something different so be sure to study the legend below carefully.

The University of California (UC) Course Management Portal (CMP) is a website where all your "a-g" courses are tracked by both the CSU and UC. Your school district enters courses into UC CMP. If you see a course in yellow on your CSU and UC Eligibility Tools, this means your school has labeled the course as "a-g", but it is not listed in UC CMP. Talk with your counselor to learn more when you see courses in yellow.

To learn more about the CSU eligibility requirements, see [Prepare to Meet Eligibility Requirements for CSU](#).

# Student Responses to CCGI

“I never knew that colleges had music programs. I want to be a singer.”

-Walton Intermediate Student

“The acceptance rate is high for this college. I can go here!”

-Bell Intermediate Student

“I want to be a pharmacist and now i know that there are 7 schools in California that offer the program I need.”

-Garden Grove High School Senior

# District Wide Registration

## Overall district information:

- 19,708 Registered Student Accounts
- 20,672 Total Student Accounts
- Registration Completed 95.34%

As of February, 2019

# How to create a family account:

College, career, and financial aid planning can be complicated, and you probably have a lot of questions. [CaliforniaColleges.edu](https://CaliforniaColleges.edu) is here to help guide you and your child through the process.

## To create your parent account:

- Go to [CaliforniaColleges.edu](https://CaliforniaColleges.edu).
- Click the lock icon (🔒) in the top-right corner of your screen.
- Click on **Create an Account** in the box titled **Parents**.
- Enter the required information, including your child's name, date of birth, school district, school, and student ID number.
- For the student ID number, you can enter your child's Statewide Student Identifier (SSID), which is located in your child's transcript, or local ID. If you need help finding your child's ID number, contact your child's counselor.

If you or your child have questions about how to sign in to or use [CaliforniaColleges.edu](https://CaliforniaColleges.edu), contact your child's counselor.
